

Costs and Disclosures of Certified Health IT (Eyefinity EHR)

Capability and Description	Costs or Fees	Contractual Considerations	Technical or Practical Considerations
<p>Capability: Eyefinity EHR</p> <p>Description: Eyefinity's electronic medical record system.</p> <p>Relevant Certification Criteria: See chpl.healthit.gov for list of certification criteria applicable to Eyefinity EHR.</p>	<p>Eyefinity charges certain one-time and ongoing fees related to Eyefinity EHR. Users may also be required to reimburse the cost of certain third-party fees and pay the cost of certain of Eyefinity's out-of-pocket and travel-related costs for such services as training and implementation.</p>	<p>Eyefinity's customers are required to enter into contracts in forms acceptable to Eyefinity to use Eyefinity's products and services. Such contracts, among other things, set forth certain rights and obligations of the customer and Eyefinity, product pricing and payment terms, limitations on the use of products and services (e.g., limitations on number and type of users) and other terms. The duration of such contracts may vary.</p>	<p>Eyefinity recommends that Eyefinity EHR be used in conjunction with hardware and internet connections that meet certain minimum specifications. Those specifications are available on eyefinity.com. Customers may need to download the Eyefinity EHR Mobile app (including updated versions that may be released from time to time) onto their mobile device.</p> <p>Customers must go through an identity-verification process before its first user begins using Eyefinity EHR or Eyefinity EHR Mobile in a production environment.</p>
<p>Capability: Electronic Prescribing of Controlled Substances (EPCS)</p> <p>Description: The ability to electronically transmit prescriptions for certain controlled substances.</p> <p>Relevant Certification Criteria: 170.314(b)(3) Electronic prescribing; 170.314(a)(2) drug-drug-drug-allergy interaction checking</p>	<p>Eyefinity charges a per-provider subscription fee for EPCS functionality. The fee is usually structured as a monthly or annual per-provider fee. An additional set-up fee may also be charged.</p> <p>Additional amounts may be charged for required two-factor authentication tokens.</p>	<p>Contracts governing EPCS are for a defined term and may specify the types and numbers of users permitted to use the functionality. EPCS may only be used pursuant to the service guidelines specified in the agreement.</p>	<p>Prescribers of controlled substance are required to take part in an identity-verification process prior to being permitted to e-prescribe. The identity-verification process includes providing personal information to a third-party to confirm the prescriber's identity.</p> <p>Electronic prescribing of controlled substances requires the prescriber to take additional steps not required for noncontrolled substance prescribing. These steps include certain additional identity-authentication requirements, which require providers to register with third-party service providers.</p>
<p>Capability: Direct Mail</p> <p>Description: Ability for users to send and receive electronic messages to other users who are part of the Direct Trust network or HISPs with which Eyefinity's third-party direct messaging vendor has a trust agreement.</p>	<p>Eyefinity charges a per-provider subscription fee for direct mail functionality. The fee is usually structured as a monthly or annual per-provider fee. An additional set-up fee may also be charged.</p>	<p>Direct mail may only be used pursuant to the service guidelines specified in the agreement.</p>	<p>Use of this capability is dependent on Eyefinity's maintaining its relationship with a third-party direct-messaging vendor.</p> <p>Direct mail requires the user to take additional registration steps, which include certain additional identity authentication requirements.</p>
